PORTFOLIO · jackowu.vercel.app

Product designer with 8+ years across fintech, IoT, aviation and property tech. Blending UX, product strategy and AI-assisted engineering to ship real products end-to-end — from user research and design systems to front-end delivery. 30+ products shipped for clients including HKIA, MTR, AIFT (InnoHK) and MOMAX.

EXPERIENCE

UX/UI Designer 10/2024 — Present

AIFT — Laboratory for AI-Powered Financial Technologies

- End-to-end UI/UX for AI-powered fintech platforms: supply chain finance (TOLO Analysis), AI research assistant (FinSights), trade finance (FUNDel)
- Brand identity, exhibition materials and AI-generated video for industry events
- Delivered front-end interfaces via AI-assisted coding — bridging design and development

UI/UX Designer 08/2022 — 10/2024

UbiZense Ltd.

- Led UI/UX of an airport logistics dashboard integrating IoT devices and Ground Support Equipment
- Real-time operational dashboards for airport ground operations
- Branding and design language built with the CUHK engineering team

UI/UX Designer 01/2021 — 08/2022

MOMAX Technology (Hong Kong) Limited

- Smart home ecosystems integrating IoT hardware, cloud infrastructure and mobile apps
- Led “Smart-D”, a co-branded project with HKBN; managed platform & app versioning

UI/UX Designer 04/2019 — 01/2021

Hong Kong CardApp Limited

- Property development & management digital solutions (IoT, cloud, mobile)
- End-to-end design: property apps, food ordering, loyalty programmes, inspection systems

Designer 06/2017 — 03/2019

Cypress Green Co. Limited

- Graphic and digital design across client projects
- Strong foundation in visual communication and brand identity

UI/UX Designer 05/2016 — 05/2017

Rentech Service Limited

- Theme pages for POS and e-Registration systems
- Analysed business requirements into system solutions balancing usability and business goals
